Microsoft Certified: Azure Fundamentals

Nebiyou Hailemariam

Back End Developer at Digital Medarbeider
Ethiopia

Summary

I am a senior Computer Science student at Addis Ababa University. I am skilled in different technologies with experience in modern software design and development. I am passionate about innovation and technology.

Experience

Digital Medarbeider
Back End Developer
September 2020 - Present (7 months)
Oslo, Norway

Modeling, developing, and prototyping a backend infrastructure from the ground up.

4k-Labs
Research Assistant
September 2019 - January 2020 (5 months)
Addis Ababa, Ethiopia

Research, development, and testing techniques for morphological analysis of the Amharic language.

AddisCoder
Teaching Assistant
July 2019 - August 2019 (2 months)
Addis Ababa, Ethiopia

AddisCoder is a 4-week intensive programming and algorithms summer program.

- Helped prepare course material, wrote supplemental notes, exercises, and exam questions.
- Prepared course material, wrote supplemental notes, exercises, and exam questions.
- Helped spark students' intellectual curiosity and encouraged students to participate in lectures.

- Encouraged students to build a strong sense of community with Teaching Assistants and Professors.

Addis Ababa University

Teaching Assistant

October 2018 - February 2019 (5 months)

Addis Ababa, Ethiopia

Design and Analysis of Algorithm is a course taught to 4th-year computer science students at Addis Ababa University.

Helped direct students complete the course with ease by preparing recitation classes, covering additional topics, and preparing problem-sets and test questions.

Education

Addis Ababa University

Computer Science, Computer Science · (2016 - 2021)

Intellectual schools

High School Diploma, Science · (2012 - 2016)
